

# PIX CD order form

## Trevor Wilkins- PiX in Action

### Eden Island Lipton Cup - 2009

The CD will contain images of medium resolution which is great for viewing on your Computer Screen or for printing post card size photographs.  
The CD will also contain Picasa Software which will allow you to present a slide show.  
The Picasa software is an ideal tool for processing your images – try it!  
**High resolution** images are available on application from Trevor Wilkins.  
This will enable you to make enlargements.....up to A0 - or larger!  
**Check the A1 image printed on canvas – Ideal thanks for your Sponsor!**  
**The 28 page professionally printed Album is an ideal keep sake!**

*The photographer retains all rights to the images which may not be copied, published in whatsoever format or used for commercial purposes without the written consent from Trevor Wilkins and the payment of a licence fee.*  
*You are most welcome to use them for your personal use/web/Cub News as long as the photographer is credited for this.*
